A4 STOCK SPECIALITY SPEC SHEET
MULTIPURPOSE (LASER/COPIER PRODUCTS)

Silver Metallic Matt polyester with a permanent adhesive (SMP)

A matt silver polyester (PET) specifically designed for use on 'hot fuse' Laser/Copier print systems. Some slight curl may occur on exiting the printer, but this will flatten quickly. This material is primarily used in the area of 'long life' durable, tracking or product labels, especially appliance & electronics labelling.

Face material properties

Grammage	80 gsm
Caliper (thickness)	58 microns

Adhesive

A clear permanent, acrylic based adhesive with good tack & adhesion on a wide range of surfaces.

Minimum application temp.	+0°C
Storage range once applied	-20°C to +80°C

Backing

A one side clay coated, bleached kraft paper with good lay-flatness & stability

Thickness	110 microns
Grammage	98 gsm

Environmental

Paper components are either ECF or TCF grade manufactured using pulp from sustainable, managed resources. All dimensions are nominal target specifications but may vary. All products within our range are manufactured to ISO 9001:2015 and BRC standards, the factory is also PEFC and FSC certified. The raw material laminates are also made to the same ISO standards as above and to ISO 14001.

Market and Uses

Ideal for use on appliances and electronic equipment for safety warnings etc, a durable label with strong adhesive so difficult to remove, can also be used for PAT labels. Good performance in damp conditions so again good for appliances that may get damp or be in storage.

Electronics, Appliances, PAT testing, Safety Signs
