Environmental
Paper components are either ECF or TCF grade manufactured using pulp from sustainable, managed resources. All dimensions are nominal target specifications but may vary. All products within our range are manufactured to ISO 9001:2015 and BRC standards, the factory is also PEFC and FSC certified. The raw material laminates are also made to the same ISO standards as above and to ISO 14001.
Shelf life is approx. 1 year when held at approx. 20-25deg c and in its original bags.

Market and Uses
Ideal for use on products especially large plastic items, i.e. Indoor waste bins, storage boxes and trays where item is too big for outer packaging so directly labelled then washed off when/if required. Used in the brewery trade for labelling kegs which are then returned and re-used. Bottles and other solid containers that are re-cycled and re-used.
